Eco School Opportunity

Dear Parents and Carers,

I hope this letter finds you well. I am writing to inform you about an exciting opportunity for your children to become involved in our school community as Eco Councillors. We are inviting applications from all Key Stage 1 classes to select one representative from each class who will serve on the Eco Council.

The role of an Eco Councillor is both significant and rewarding. The responsibilities include promoting environmental awareness, participating in eco-friendly initiatives, and suggesting ways to enhance sustainability within our school. Eco Councillors will play a crucial part in representing the views of their classmates while contributing positively to our school's commitment to environmental stewardship.

Children wishing to apply for this position will need to complete an application form which will be sent home with this letter. In the application, we encourage children to express their interest in the role and outline any ideas they have for environmental improvements within our school. This not only nurtures their sense of responsibility but also fosters essential skills such as teamwork and leadership.

Please ensure that the completed application forms are returned to school by 28th November after which we will conduct a selection process. The chosen Eco Councillors will be announced shortly thereafter. They will have the opportunity to attend regular meetings, engage in various activities, and collaborate with staff to make our school a greener place.

We appreciate your support in encouraging your child to take part in this initiative. Should you have any questions or require further information, please do not hesitate to contact me.

Thank you for your continued support.

Yours sincerely,

Mrs Schofield
