Hot weather update

Dear Parents and Carers,

With the current hot weather, we ask that all children come to school in suitable **uniform that is appropriate for the warm conditions**. Children must wear school uniform and should not attend in their own clothes. A cool white t-shirt, blouse, grey skirt or summer dress or grey shorts are suitable options, but tights should not be worn in this weather please.

Please ensure that your child also brings a water bottle and a sun hat to school each day. In addition, sunscreen should be applied before school so that children are protected during outdoor activities and playtime. These expectations are in place to ensure that all children remain protected during the warmer weather.

We know it is very hot during the day, and we are doing what we can to keep our children protected. We do not want children to overheat or become too sweaty during the day. They are having regular hydration breaks, and we are limiting the number of physical activities they access outside this week.

All staff will continue to make professional decisions about the impact of the heat, and the amount of time children are outside, including breaktimes and lunchtimes. We will seek shaded areas where we can.

Please support these messages and follow this advice while the hot weather continues.

School remains open this week and we will continue to take all the relevant precautions to protect our children.

Yours sincerely,

Mrs Bishop
Head Teacher
