Sports Day Safeguarding Feedback

Dear Parents and Carers,

I am writing to express my concern following reports that some parents and carers were photographing and videoing children during this morning's Sports Day.

As set out in our whole-school letter, in the Dojo message regarding Sports Day arrangements, and in the reminders placed clearly on chairs outside this morning, safeguarding guidance must be followed at all times.

We are disappointed that some families chose to ignore these clear messages.

Please be reminded that photography and video recording of children during the event is not permitted, and no images or footage should be shared on social media. Families have been asked on multiple occasions not to post content from school events, and we expect this instruction to be respected.

Our priority is always to protect our children and our community. For this reason, photo opportunities were provided at the end of Sports Day so that families could capture memories appropriately and in line with our safeguarding expectations.

We are very grateful to the many parents and carers who supported these messages and who helped to remind others of the importance of following them. We would ask that all families continue to respect these arrangements at future school events and work with us to maintain a safe and supportive environment for every child.

Thank you for your continued support.

Mrs Bishop
Head Teacher
